SC Johnson Deb Cleanse Light Dispenser - 2L

Variant code: 28-LGT2LDPEN

Deb Cleanse Light Dispenser is designed to be used with 2L Deb refill cartridges.

- **Guaranteed for life** - All dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
- **BioCote® protected** - Dispensers are exclusively protected by BioCote®-a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser.
- **Large push buttons** - Minimises the operation force required to allow easy use by hand or elbow; suitable in hygiene sensitive areas.
- **Fixed product dose** - Delivers the exact amount required, controlling usage and reducing waste.
- **Unique locking mechanism** - Helps prevent unauthorised access, pilferage and product contamination.
- **Sight Glass** - Provides visibility of the level of product in the cartridge which helps identify when product needs replacing.
- **Simple cartridge replacement** - Designed for exclusive use with skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
- **Hygienic, airless cartridges** - The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
- **Minimal waste** - The air-tight cartridges are designed to collapse to minimise product waste.
