Domestos Professional Bleach - 5L

Variant code: 05-370

Domestos Professional Thick Bleach is a **powerful professional bleach and disinfectant** developed for intensive cleaning and hygiene maintenance in commercial kitchens, bathrooms, toilets and washrooms. Its **extra-thick formula** clings to surfaces, helping the active bleach remain in contact with dirt, germs and stubborn deposits for effective cleaning and disinfection. Designed for demanding environments, it combines **germ-killing performance, grease and grime removal and long-lasting hygiene protection** in one convenient product.

The advanced **Domestos Professional bleach formula** is designed to kill **99.9% of bacteria and viruses** when used according to the product instructions. Its thick consistency helps it cling to toilet bowls and other suitable surfaces, supporting thorough treatment of areas where germs and contamination can accumulate. The product is also promoted as providing **up to 24 hours of germ protection**, subject to the conditions stated on the product label. Alongside its disinfecting action, the formulation helps remove **grease, dirt and grime** and is designed to help prevent limescale build-up during regular use.

Supplied in a generous **5-litre container**, this **ready-to-use professional bleach** is suitable for cleaning toilets, drains and other compatible hard surfaces, with floor cleaning and general disinfection applications carried out according to the label directions. Its thickened formulation is particularly useful for toilet bowl cleaning, where longer surface contact can help improve cleaning performance. The economical bulk format is ideal for **hotels, restaurants, schools, offices, leisure facilities and professional cleaning teams** requiring a dependable supply of bleach for regular hygiene maintenance.

Product Features

- **Professional thick bleach** for intensive cleaning and disinfection
- **Extra-thick formula** clings to surfaces for effective cleaning
- **Kills 99.9% of bacteria and viruses** when used as directed
