SC Johnson Deb Estesol® Hand & Body - Shower Gel - Case of 4 x 2L

Variant code: 10-HAB2LT

SC Johnson Deb Estesol® Hair & Body is a professional shower gel designed to provide **refreshing all-over cleansing** in industrial and workplace shower environments. Developed for use on hands, hair and body, the lightly fragranced formulation effectively removes light oils, grease, grime and workplace dirt while supporting skin comfort during frequent daily use.

The versatile cleansing formulation contains a mild yet effective blend of cleansing agents suitable for regular washing after industrial work activities. Designed for use in workplace showers and changing facilities, it helps remove everyday contamination while leaving skin and hair feeling clean, refreshed and comfortable after use.

Featuring a refreshing **'Rainforest' fragrance**, the shower gel delivers an invigorating user experience suitable for both male and female users. The low pH formulation helps support the skin's natural barrier function, while glycerin moisturiser helps reduce dryness and maintain smooth skin after washing.

The formulation uses a mild preservative system to help minimise the risk of skin irritation and is silicone-free for compatibility in industrial environments involving paint and surface coating processes. Available in **cases of 6 x 1L or 4 x 2L cartridges**, it is ideal for industrial shower facilities and workplace hygiene stations requiring reliable high-capacity cleansing solutions.
