SC Johnson Deb Estesol® PURE - Light Duty Hand, Hair & Body Cleaner - 4L

Variant code: 10-PUW4LTR

SC Johnson Deb Estesol® PURE is a professional hand, hair and body cleaner developed to provide **gentle and effective cleansing** in industrial, food manufacturing and food processing environments. Suitable for removing light oils, grease, general grime and food-related soilings, the versatile formulation supports high-frequency use while helping maintain skin comfort and hygiene standards.

The perfume-free and dye-free formulation is ideal for users who are sensitive to fragrances and colourants, making it suitable for hygiene-sensitive workplaces and food handling environments. The product has been independently evaluated for use in food facilities, where trace amounts are not expected to cause adverse toxicological effects when used according to instructions.

Formulated with a mild preservative system and enriched with **glycerin moisturiser**, the cleaner helps prevent skin dryness while leaving skin and hair feeling smooth and refreshed after use. Clinical testing confirms that repeated daily use does not negatively affect the skin barrier function, making it ideal for regular workplace hygiene routines.

Certified with the **EU Ecolabel**, the product is recognised for reduced environmental impact throughout its lifecycle. The low pH formulation helps support the skin's natural barrier, while the dermatologist-tested hypoallergenic and silicone-free composition makes it suitable for sensitive skin and industrial environments where paint and coating compatibility is important.

Product Features

- Professional **hand, hair and body cleaner**
- Perfume-free and dye-free formulation
- Removes light oils, grease and general grime
- Contains **glycerin moisturiser**
- EU Ecolabel certified
- Skin hypoallergenic and silicone-free
