# HG Quick Porcelain Floor Tile Cleaner - 1L

**Variant code: 03-HG16**

**HG Quick Porcelain Floor Tile Cleaner** is a **specialist porcelain and stoneware floor cleaner** designed to remove both light and heavy soiling from tiled surfaces. Its effective cleaning formulation helps lift dirt, grime and accumulated deposits, restoring the clean, natural appearance of porcelain and unglazed stoneware floors.

Suitable for **lightly and heavily soiled porcelain floor tiles**, including polished and unpolished surfaces, the cleaner helps tackle stubborn dirt that can collect in the texture and pores of tiled flooring. It provides a practical solution for maintaining clean, attractive floors in domestic and commercial environments.

Supplied in a convenient **1L bottle**, the concentrated formulation can be diluted with water for effective floor cleaning. Ideal for kitchens, bathrooms, hallways and other tiled areas, it supports regular maintenance and more intensive cleaning when required.

## Product Features

- **Specialist porcelain floor tile cleaner** for effective dirt removal
- Suitable for lightly and heavily soiled tiled surfaces
- Designed for porcelain and unglazed stoneware floor tiles
- Suitable for polished and unpolished porcelain tiles
