Rentokil Insectrol Blue Aerosol - 300ml

Variant code: 06-PS136

Rentokil Insectrol Blue Insect Killer Aerosol - 300ml is a **fast-acting insecticidal spray** designed to kill common household crawling insects. Effective against **fleas, ants, cockroaches, earwigs, bedbugs and other crawling insects**, it provides targeted pest control in and around the home.

The **aerosol insect killer** delivers rapid knockdown and features **residual insecticidal action** to help control pests after application. It is particularly useful for treating suitable cracks, crevices, skirting boards and other areas where insects hide or travel.

Supplied in a convenient **300ml aerosol can**, the spray offers a practical solution for household pest treatment. Its targeted application makes it suitable for managing visible insects and treating problem areas, following the product label.

Product Features

- **Fast-acting insect killer** for rapid pest control.
- **Targets fleas, ants, cockroaches, earwigs and bedbugs**.
- **Residual insecticidal action** for continued control.
- **Aerosol spray** for convenient application.
- **Targeted treatment** of cracks and crevices.
- **Suitable for household pest control**.
- **300ml can** for convenient storage.

Product Benefits

- **Rapid knockdown** helps tackle active infestations.
- **Versatile pest control** targets multiple insect species.
- **Residual protection** helps reduce repeat activity.
- **Targeted application** reaches insect hiding places.
- **Ready-to-use format** requires no mixing.
- **Easy aerosol application** simplifies treatment.

Technical Characteristics

- **Brand:** Rentokil
- **Range:** Insectrol Blue
- **Product Type:** Insect Killer Aerosol
- **Volume:** 300ml
- **Form:** Aerosol Spray
- **Target Pests:** Fleas, Ants, Cockroaches, Earwigs, Bedbugs and Other Labelled Insects
- **Action:** Rapid Knockdown and Residual Control
- **Application:** Targeted Surface Treatment
- **Dilution:** Not Required
- **Container:** Pressurised Aerosol Can
- **Pack Quantity:** 1 x 300ml

Applications

Area of Use: Ideal for approved treatment areas in homes, garages, sheds and utility rooms. Suitable for treating cracks, crevices, skirting boards, bed frames and other insect hiding places where permitted by the product label.

How to Use: For fleas and bedbugs, lightly spray approved infested areas, particularly around carpets, skirting boards and bed heads. **Do not spray bed linen; launder it instead.** For other crawling insects, treat suitable cracks and crevices where activity has been observed. Follow the label for application rates, ventilation and re-entry instructions.

Safety: Keep children and pets away during treatment. Avoid spraying food, food preparation surfaces and bedding. Protect aquariums and aquatic environments. **Always read the label and use biocides safely.**
