KGS Diamond Floor Pad 17" - Pack of 2 - Fine - Green

Variant code: 03-KM17F

KGS Diamond Floor Pads are professional floor cleaning and polishing pads designed to maintain and enhance the appearance of hard floors. Featuring advanced **Ferrzon®+ microcrystal technology**, the Green pad provides effective cleaning and polishing while helping produce a smooth, reflective floor finish.

The **Green pad** is designed for fine finishing and regular floor maintenance, helping improve floor brightness and maintain a **high-gloss shine**. Its gentle polishing action makes it suitable for maintaining compatible hard floor finishes in commercial and industrial environments.

Suitable for **wet or dry use**, the pad can be used with compatible floor cleaning and polishing machines. It provides effective cleaning and polishing without the need for additional chemical polishing products, making it a practical solution for routine professional floor maintenance.

Product Features

- **Ferrzon®+ microcrystal technology** for professional floor polishing
- **Green polishing pad** for fine finishing and maintenance
- Produces a clear, reflective floor shine
- Suitable for **wet or dry cleaning and polishing**
- Helps maintain and improve existing floor gloss
- Suitable for a wide variety of compatible hard floors
- Designed for professional floor cleaning machines
- Supplied in a **pack of 2 pads**

Product Benefits

- Enhances floor brightness and reflective shine
- Helps maintain a clean, professional floor appearance
- Reduces reliance on chemical polishing products
- Suitable for regular cleaning and polishing
- Helps maintain high-gloss floor finishes
