Kleenmist Aerosol - 270ml - Baby Powder

Variant code: 06-680B

Kleenmist Metered Aerosol Air Freshener Refill - 270ml is a **professional automatic air freshener refill** designed to provide effective odour control and long-lasting fragrance in commercial, public and domestic environments. Formulated for use with compatible **Kleenmist metered aerosol dispenser cabinets**, it releases controlled bursts of fragrance to help maintain a fresh and welcoming atmosphere. Available in a selection of **extra-strength fragrances**, the refill offers a convenient solution for maintaining pleasant-smelling washrooms, offices and shared spaces.

Each **270ml aerosol** provides approximately **3,400 metered sprays**, delivering up to **30 days of odour control** when used with a compatible automatic dispenser at the appropriate settings. Designed to provide fragrance coverage in rooms of up to **6,000 cubic feet**, approximately **170 cubic metres**, the system helps maintain consistent freshness throughout the day. Its **automatic metered dispensing** releases measured quantities of fragrance at regular intervals, reducing the need for repeated manual air freshening.

Available in four refreshing fragrances — **Citrus Grove, Wild Flower, Fresh Linen and Baby Powder** — the range offers flexibility to suit different environments and fragrance preferences. The **270ml refill** is designed for straightforward installation in compatible Kleenmist automatic aerosol dispensers, including the **AD100 dispenser**. Suitable for **washrooms, reception areas, offices, corridors, changing rooms and communal spaces**, it provides a practical way to maintain a pleasant indoor atmosphere with minimal routine maintenance.
