Deepio Kitchen Degreaser Spray - 6 x 800ml

Variant code: 06-114265

Deepio Professional Power Degreaser Spray is a powerful, ready-to-use **kitchen degreaser** designed to remove stubborn grease, oil and food residues from surfaces and equipment in professional kitchens. Combining effective surfactants with a highly alkaline formulation, it delivers excellent cleaning performance on heavily soiled surfaces without the need for dilution.

Designed for demanding commercial kitchen environments, this **heavy-duty degreasing spray** is suitable for cleaning **fryers, pots, pans, extractor hoods, ovens, cookers and food preparation surfaces**. Its powerful cleaning action breaks down greasy deposits, helping maintain clean and presentable kitchen equipment.

Suitable for most washable surfaces, including **stainless steel, enamel and ceramic**, the product is intended for use in food preparation environments. The specified **non-tainting formulation contains no added perfume or dye**, making it suitable for food-contact surface cleaning when used and rinsed according to the product instructions. Supplied in a convenient **case of 6 x 800ml spray bottles** for professional cleaning operations.

Product Features

- **Powerful degreasing action** cuts through stubborn grease, oil and food residues.
- **Ready-to-use formulation** requires no dilution.
- **High-alkalinity cleaning** helps break down tough greasy deposits.
- **Surfactant technology** lifts and removes grease from washable surfaces.
- **Non-tainting formulation** specified as free from added perfume and dye.
- **Suitable for food-contact surfaces** when used according to the product instructions.
- **Versatile kitchen cleaning** suitable for fryers, ovens, hoods, cookers, pots and pans.
- **Multi-surface compatibility** includes stainless steel, enamel and ceramic.
- **Convenient spray application** provides

Area of Use: Ideal for **commercial kitchens, restaurants, hotels, catering facilities, canteens and professional food preparation areas**. Suitable for cleaning **fryers, extractor hoods, ovens, cookers, pots, pans, worktops and other compatible washable kitchen surfaces**.

How to Use: Apply the ready-to-use degreaser directly onto the greasy surface using the spray trigger. Ensure the affected area is adequately covered, then wipe to remove loosened grease and dirt. **Rinse thoroughly with clean water**, particularly on food-contact surfaces, and wipe dry with a clean cloth. Repeat if necessary for heavily soiled areas, following the product label.

Application Considerations: Avoid prolonged contact with painted, varnished or delicate surfaces. Do not use on aluminium, bluestone or porous or damaged surfaces unless the product instructions expressly permit it. Test on a small, inconspicuous area before treating unfamiliar materials. Allow hot kitchen equipment to cool before cleaning.

Safety: For **professional use**. Avoid contact with eyes and skin, and do not breathe the spray. Wear suitable gloves and eye protection when required. Do not mix with other cleaning chemicals. Keep out of reach of children and follow the product label and current Safety Data Sheet.
