Oval Floor Mounted Door Stop - 45mm - Satin Stainless Steel

Variant code: 3410.21.SSS

The **Oval Floor Mounted Door Stop** is a robust architectural door stop designed to protect doors, walls and surrounding fixtures from damage caused by over-opening. Manufactured in a durable **Satin Stainless Steel (SSS)** finish, this premium **45mm** floor-mounted door stop features a contemporary oval profile that complements modern commercial and residential interiors. Its solid construction and secure fixing make it ideal for high-traffic environments where dependable door protection is essential.

Designed for long-lasting performance, the door stop incorporates a **locating pin** to prevent rotation after installation, ensuring it remains securely positioned even under frequent impact. The **face-fix** installation method provides a straightforward and secure fixing to solid floors, while the corrosion-resistant satin stainless steel finish delivers excellent durability with minimal maintenance. Tested to **BS EN 1634-1**, it is suitable for use on compatible fire-rated door assemblies where specified.

Suitable for commercial, public and residential projects, the Oval Floor Mounted Door Stop provides an attractive and reliable solution for preventing damage to doors and surrounding finishes while maintaining a clean architectural appearance.

Product Features

- Oval floor mounted door stop
- 45mm diameter
