P-Wave Eco Air Solid Air Freshener Refill - Pack of 6 - Cotton Blossom

Variant code: 05-105238C

P-Wave Eco Air Solid Air Freshener Refill is designed to deliver a gentle and refreshing **Cotton Blossom fragrance** throughout indoor environments. Inspired by the clean, comforting aroma of freshly laundered linen, this delicate floral scent helps create a pleasant and welcoming atmosphere in washrooms, offices, reception areas and other shared facilities. Its compact, discreet design provides a practical solution for everyday air freshening without the need for conventional aerosol sprays.

Featuring advanced **solid dry fragrance technology**, the refill gradually releases fragrance through natural air movement, providing **up to 30 days of continuous freshness** with coverage of up to **16m²**, depending on environmental conditions. The non-liquid formulation operates without **batteries, electricity or aerosol propellants**, helping avoid spills, leaks and sticky residues. Manufactured from **recyclable EVA material containing up to 15% recycled content**, it offers a convenient, low-maintenance alternative to traditional spray air fresheners.

Designed for use with the **P-Wave Eco Air Freshener Cabinet**, each refill fits neatly inside the compatible dispenser for discreet and effective fragrance release. Simply remove the refill from its packaging, insert it into the cabinet and position the dispenser in an area with good airflow to encourage consistent fragrance dispersal. The **light, airy Cotton Blossom scent** is particularly suitable for shared spaces where a subtle fragrance is preferred. Supplied in a **pack of 6 refills**, it provides a convenient supply for multiple locations or regular replacement cycles.

Product Features

- **Cotton Blossom fragrance** delivers a delicate, clean and comforting floral scent
