Rubble Sacks - Heavy Duty - 60L - Box of 100 - Black

Variant code: 18-RS

Heavy Duty Rubble Sacks are durable **60 litre waste disposal sacks** designed for demanding construction, gardening and heavy waste management applications. Manufactured from strong tear-resistant polythene, these robust black rubble sacks provide reliable containment for bulky, sharp and heavy waste materials in commercial and domestic environments.

Featuring a generous **60 litre capacity**, these heavy-duty sacks are engineered to resist punctures, tears and splitting during use and transportation. Their strong construction makes them ideal for handling building rubble, soil, stones, bricks, plasterboard, garden waste and renovation debris. The professional **black finish** provides discreet waste containment while maintaining a clean and organised appearance on-site or during cleanup operations.

Supplied in a practical **box of 100 sacks**, these rubble sacks provide a cost-effective and dependable waste management solution for builders, landscapers, contractors, gardeners and DIY users requiring reliable heavy-duty waste disposal consumables.

Product Features

- **Heavy duty rubble sacks**
- **60 litre capacity**
- Strong tear and puncture-resistant polythene construction
- Designed for heavy and bulky waste materials
- Suitable for construction and garden waste
