Sebo D9 Professional Cylinder Tub Vacuum Cleaner

Variant code: 16-90995GB

Sebo D9 Professional Cylinder Vacuum Cleaner is a technologically advanced commercial cylinder vacuum cleaner engineered to deliver exceptional cleaning performance, professional durability and superior operator comfort. Combining powerful suction, intelligent design and advanced carpet cleaning technology, the D9 Professional sets a new standard for commercial cylinder vacuum cleaning across demanding professional environments.

Powered by a high-performance 890W motor, the Sebo D9 Professional provides powerful and efficient cleaning performance with variable suction control for optimised cleaning across different surfaces and environments. The included electric ET-1 powerhead delivers exceptional carpet cleaning performance by effectively removing stubborn hair, fibres and embedded dirt. Featuring brush ON/OFF control and four-stage manual height adjustment, the powerhead adapts easily to different carpet types while also allowing safe cleaning of delicate hard floors.

Designed for professional usability and comfort, the D9 Professional incorporates Sebo's patented ErgoGrip handle, adjustable stainless steel telescopic tube and four smooth-running castors for effortless manoeuvrability over floors and thresholds without tipping. The patented Sebo Airbelt bumper system helps protect walls and furniture during operation, while the 12-metre auto-rewind cable provides excellent cleaning reach and efficiency. Built using premium engineering and commercial-grade materials, the D9 Professional is ideal for demanding contract cleaning and facilities management applications.

Product Features

- **Professional commercial cylinder vacuum cleaner**
- Powerful 890W high-performance motor
- Electric ET-1 powerhead for advanced carpet cleaning
- Brush ON/OFF functionality with 4-stage height adjustment
- Patented ErgoGrip ergonomic handle
- Adjustable stainless steel telescopic tube
