Windmill Synergy All Purpose - Cleaner and Sanitiser - 1L - Refill Recharger

Variant code: 07-825

Windmill Synergy All Purpose Cleaner & Sanitiser is an **eco-friendly, multi-purpose cleaning solution** that combines powerful cleaning, sanitising and odour control capabilities in a single product. Formulated with a **plant-based lactic acid biocide**, this innovative cleaner is certified to **EN1276 and EN14476**, delivering proven bactericidal and virucidal performance while remaining safer for users and the environment.

Unlike traditional Quat-based sanitisers, Synergy is **Quat-free, alcohol-free, non-toxic and 100% biodegradable**. It effectively cleans and sanitises a wide variety of surfaces without leaving harmful residues and does not require rinsing on food-contact surfaces. The pleasant cotton fragrance and advanced odour control technology work together to neutralise, eliminate, mask and prevent unpleasant odours, leaving areas fresh and hygienic.

Part of the innovative **Windmill Refill System**, Synergy is supplied in reusable 5L containers designed to eliminate single-use plastics and reduce environmental impact. Its versatile formulation can be used across multiple cleaning applications, reducing the need for numerous specialist products and helping organisations simplify training, inventory management and cleaning processes.

Product Features

- Plant-based lactic acid sanitising formula
- Certified to EN1276 and EN14476 standards
- Quat-free and alcohol-free biocide
- 100% biodegradable formulation
- Non-toxic and hazard-free with no CLP warning symbols
- Advanced odour neutralisation and elimination technology
- Pleasant cotton fragrance
- Suitable for hard surfaces, floors, carpets, glass and air freshening
- Part of the Windmill Refill closed-loop
