13 Amp 3 Pin Black Rubber Plug - Each

Variant code: 16-RP13A

13 Amp 3 Pin Black Rubber Plug is a **heavy-duty UK mains plug** designed for reliable connection of electrical appliances, power tools and commercial cleaning equipment. Manufactured from durable impact-resistant rubber, this robust plug is built to withstand demanding working environments while providing a secure and safe electrical connection.

Designed to BS 1363 standards, the plug features a tough black rubber housing that offers excellent resistance to knocks, wear and everyday use. Its screw-terminal wiring design allows straightforward installation and secure cable retention, making it suitable for replacing damaged plugs or fitting new power leads.

Ideal for commercial, industrial and domestic applications, this 13A plug delivers dependable performance and long service life. Whether used for cleaning equipment, workshop tools or general electrical appliances, it provides a durable solution for safe mains power connections.

Product Features

- 13 Amp UK 3 pin mains plug
- Heavy-duty black rubber construction
- Designed to BS 1363 standard
- Impact and wear-resistant housing
- Secure screw-terminal cable connection
- Suitable for replacement power leads
