

Wiper Roll – Airlaid – 50m Roll – 1 Ply – White – Case of 6

Variant code: 01-527

Wiper Roll Airlaid is a premium-quality **1 ply wiping roll** designed for professional environments where softness, absorbency and durability are essential. Manufactured using advanced airlaid technology, this wiping roll provides a cloth-like feel while delivering excellent liquid absorption and reliable wiping performance across a wide range of commercial applications.

The highly absorbent airlaid material is engineered to handle demanding cleaning and drying tasks efficiently, making it suitable for workplaces where hygiene and presentation standards are important. The **50 metre roll length** offers a practical balance between capacity and ease of handling, while the strong yet soft construction allows the roll to perform effectively without compromising user comfort. Suitable for professional cleaning, food preparation, healthcare and industrial environments, this versatile wiping solution supports efficient workplace maintenance and hygiene management.

Product Features

- **1 ply airlaid wiping roll**
- Soft, cloth-like texture for comfortable handling
- **Highly absorbent** for efficient liquid retention
- Strong and durable construction for professional use
- **50 metre roll length** for practical everyday applications
- Suitable for commercial, healthcare and food environments
- Supplied in a **case of 6 rolls**

Product Benefits

- Provides efficient wiping and drying performance
- Enhances hygiene standards in professional environments
- Offers improved comfort through soft airlaid construction
- Supports demanding cleaning applications with durable performance
- Reduces replacement frequency during

- routine tasks
- Suitable for a wide range of workplace applications
- Delivers a premium wiping solution for commercial use

Technical Characteristics

- **1 ply white airlaid material**
- **50m roll length** per roll
- Designed for wiping, drying and cleaning applications
- Strong absorbent construction suitable for wet and dry use
- Suitable for use in compatible roll dispensers or free-standing applications
- Designed for professional and industrial environments
- Supplied in a **case of 6 rolls**

Applications

Wiper Roll Airlaid is suitable for commercial kitchens, healthcare facilities, laboratories, workshops, food preparation environments and industrial workplaces where high absorbency and durability are required. Its soft airlaid construction and reliable wiping performance make it particularly suitable for professional cleaning tasks, spill management and hygiene-sensitive applications where standard paper rolls may not provide sufficient strength or absorption.

Property	Value
