All Purpose Cleaning Cloth Roll - 350 Sheets/Roll - Red

Variant code: 12-500R

All Purpose Cleaning Cloth Roll is a professional-grade disposable and reusable cleaning cloth system designed to deliver efficient, hygienic and versatile cleaning performance across commercial, industrial and domestic environments. Supplied in a convenient perforated roll format, these durable cleaning cloths provide quick access and reliable wiping performance for a wide range of cleaning applications.

Manufactured for professional cleaning contractors, janitorial teams and facilities management operations, these highly absorbent all-purpose cloths effectively handle spills, dust, grease and surface cleaning tasks on glass, stainless steel, wood, countertops and tiled surfaces. The durable cloth construction allows repeated rinsing and reuse where appropriate, while also supporting hygienic single-use cleaning in healthcare, catering and food service environments.

Supplied as a high-capacity **roll of 350 perforated cloths**, this bulk cleaning solution reduces restocking frequency and improves workflow efficiency for high-volume cleaning operations. The easy-tear perforated design ensures quick dispensing while minimising waste and supporting productivity in demanding professional environments.
