All-Purpose Cloths - Pack of 50 - Red

Variant code: 12-050R

All-Purpose Cleaning Cloths are professional-grade reusable cleaning cloths designed to deliver reliable multi-surface cleaning performance across commercial, industrial and domestic environments. Manufactured for durability, absorbency and versatility, these cloths provide an effective cleaning solution for everyday wiping, polishing and spill control while supporting efficient cleaning operations.

Designed for professional cleaning contractors, janitorial teams and facilities management environments, these high-performance cloths offer excellent absorbency and lint-free cleaning results across a wide range of surfaces including glass, stainless steel, wood, laminates and plastics. Their durable construction allows repeated washing and reuse, helping reduce waste and operational costs while maintaining high cleaning standards.

Supplied in a practical **pack of 50 cloths**, these reusable all-purpose cleaning cloths provide an economical and dependable cleaning solution for offices, hospitality venues, healthcare environments, schools, kitchens and commercial cleaning operations.
