Astroplast Critical Injury Pack - Each

Variant code: 21-1017029

The BS 8599-1:2019 Critical Injury Pack includes a tourniquet and haemostatic dressing for use in high-risk environments.

The Critical Injury Pack will be contained in a water-resistant tear open pack to allow easy access in situations which require rapid response.

Where a high-risk situation is identified, the Critical Injury Pack can be added to existing first aid kits.

Kits contains:

- 2 Pairs of nitrile gloves
- 1 Pair tuff-cut scissors
- 2x Large trauma dressings
- 2x Haemostatic Dressings
- 1 Tourniquet
- 1 Thermal blanket
