

AUK Pro Surface & Glass Cleaning Mop – Inc Frame and Extending Handle

Variant code: 14-APS30K

AUK Pro Surface & Glass Cleaning Mop: The Professional's Choice for Flawless Finishes

Demand professional-grade results from your equipment. The AUK Pro Surface & Glass Cleaning Mop is the ultimate solution for contract cleaners and janitorial services who refuse to compromise on quality. Its advanced design ensures a perfect, streak-free finish on glass and other surfaces, delivering the pristine clean your clients expect every time.

Unmatched Versatility for Multi-Surface Cleaning:

The AUK Pro is your all-in-one solution for a variety of cleaning tasks. While it excels at achieving a flawless, streak-free shine on internal glass surfaces using just water and a compatible glass cleaning pad (sold separately), its utility extends far beyond windows. Use it with standard microfiber cloths (sold separately) to quickly and effectively clean hard surfaces such as:

- Desks and tabletops
- Washroom cubicles
- Tiled walls and splashbacks
- Whiteboards
- Mirrors and polished surfaces

Key Features & Benefits for Commercial Cleaners:

- **Ergonomic & Efficient Design:** The lightweight, flat-head frame applies even pressure, ensuring consistent cleaning performance across the entire surface. This ergonomic design reduces strain and fatigue, making it ideal for large-scale and high-frequency cleaning jobs.
- **Long-Reach Extending Handle:** The telescopic handle extends from 102cm to 184cm, allowing you to easily reach high windows, ceilings, and difficult-to-access areas without the need for ladders or stepping stools. This not only improves

safety but also significantly increases efficiency.

- **Quick-Change System:** The hook-and-loop fastening system on the frame allows for swift and hassle-free changing of cleaning pads, minimising downtime and maximising productivity.
- **Durable & Low-Maintenance:** Built for professional use, the AUK Pro is designed to withstand daily use. The reusable microfiber and glass cleaning pads are machine washable, reducing waste and long-term costs.
- **Eco-Friendly Cleaning:** When used with dedicated glass cleaning pads, this mop provides a powerful, chemical-free solution for achieving a perfect finish with just water, helping your company meet its green cleaning initiatives.

Optimise Your Operations. Impress Your Clients.

For contract cleaning companies focused on efficiency and quality, the AUK Pro Surface & Glass Cleaning Mop is an essential investment. Its ability to perform multiple cleaning tasks with a single tool streamlines your cleaning process, saves time, and consistently delivers the high-quality results your clients demand.
