Excel - Dispenser Keys - Each

Variant code: 28-004

The **Excel 2-Prong Plastic Dispenser Key** is a practical replacement accessory designed to provide access to compatible **Excel washroom dispensers**. Featuring a simple **2-prong design**, the key allows authorised cleaning and maintenance personnel to unlock dispenser housings for routine refilling, cleaning and servicing.

Manufactured from **plastic**, this replacement key is designed to fit **all plastic dispensers within the specified 28-BC range**. It provides a convenient solution for replacing lost, damaged or misplaced keys, helping maintain easy access to dispensers without replacing the entire unit.

Supplied **individually**, the key is ideal for commercial washrooms, facilities management teams and professional cleaning contractors. Its compact design makes it a useful spare accessory for maintaining dispenser access across multiple washroom locations.

Product Features

- **2-prong dispenser key** designed for compatible Excel plastic dispensers.
- **Plastic construction** provides a lightweight replacement accessory.
- **Specified dispenser compatibility** fits all 28-BC prefixed plastic dispensers.
- **Replacement key** suitable for lost, damaged or misplaced originals.
- **Convenient dispenser access** supports routine refilling and maintenance.
- **Compact design** makes the key easy to store with cleaning equipment.
- **Sold individually** for straightforward replacement or spare key requirements.

Product Benefits

- **Restores dispenser access** without requiring replacement of the entire dispenser.
- **Efficient washroom maintenance** allows cleaning staff to replenish consumables quickly.
- **Reduced servicing delays** provides a convenient spare when an existing key is

unavailable.
- **Lightweight and practical** suitable for everyday maintenance use.
- **Compatible across the specified dispenser range** helps simplify spare key management.
- **Cost-effective replacement** allows individual keys to be purchased as needed.

Technical Characteristics

- **Brand:** Excel
- **Product Type:** Dispenser Replacement Key
- **Key Design:** 2-Prong
- **Material:** Plastic
- **Compatibility:** All 28-BC Prefixed Plastic Dispensers
- **Function:** Unlocking Compatible Washroom Dispensers
- **Pack Quantity:** 1 Key
- **Supply Format:** Each
- **Application:** Washroom Dispenser Maintenance

Applications

Area of Use: Ideal for **commercial washrooms, offices, schools, hotels, restaurants, healthcare facilities, leisure centres and public buildings** equipped with compatible plastic dispensers. Suitable for cleaning contractors, facilities management teams and washroom maintenance personnel.

How to Use: Align the **2-prong plastic key** with the corresponding dispenser locking mechanism. Insert the prongs and operate the lock according to the dispenser instructions to open the housing. Refill or service the dispenser as required, then close and secure the unit after maintenance.

Application Considerations: Designed specifically for **28-BC prefixed plastic dispensers**. Check the dispenser identification before purchasing to ensure compatibility. The key is supplied individually and does not include a dispenser or replacement locking mechanism.

Safety: For use by authorised personnel. Do not force the key into an incompatible locking mechanism, as this may damage the key or dispenser. Store spare keys securely to prevent unauthorised access.
