Grip Gloves - Blue - 9

Variant code: 22-8403/9

Grip Gloves – Blue: The Ultimate All-Weather Workhorse

Dominate demanding environments with our **Blue Grip Gloves**, a heavy-duty solution designed for maximum durability and unshakeable traction. Whether you are handling wet masonry, abrasive timber, or waste materials, these gloves combine a high-friction **crinkle latex coating** with an ultra-soft **brushed cotton liner** for all-day performance.

Engineered for hygiene and longevity, these gloves feature built-in **bacteriostatic agents** to keep your gear fresh, making them a top choice for refuse collection, local authority work, and heavy construction.

Key Features & Benefits

- **Superior Crinkle Grip:** The full crinkle-textured latex coating provides an aggressive grip in both **wet and dry conditions**, allowing for safe handling of slippery or oily objects.
- **Exceptional Comfort:** A premium **brushed cotton interlock liner** acts as a cushioned barrier, absorbing moisture and preventing hand fatigue during long shifts.
- **Sanitised for Hygiene:** Treated with a **fungicidal and bacteriostatic agent**, these gloves inhibit the growth of bacteria and fungi, reducing odours and extending the product's life.
- **Debris Protection:** The classic **knit wrist** provides a secure, snug fit that prevents dust, dirt, and grit from entering the glove.
- **Mechanical Strength:** Built to last, these gloves offer **high abrasion and tear resistance**, making them ideal for handling rough-hewn stone, metal, and heavy timber.
