C-Fold Hand Towels - 1 Ply - Green - Case of 2760

Variant code: 01-333

C-Fold Hand Towels are economical and reliable **1 ply folded hand towels** designed to provide hygienic and efficient hand drying in busy commercial washroom environments. Developed for high-traffic facilities, these absorbent paper towels offer dependable everyday performance while helping reduce operational costs and maintenance requirements.

Manufactured using durable **1 ply paper**, the towels are engineered for rapid moisture absorption and reliable wet strength, helping minimise tearing and reduce towel consumption during use. The **C-fold dispensing format** supports hygienic single-towel presentation, helping reduce cross-contamination risks while improving efficiency in shared washroom environments. Their folded design also supports space-saving storage and convenient dispenser refilling for maintenance teams.

The subtle **green colour finish** provides a clean and professional washroom appearance suitable for a wide range of commercial facilities. Supplied in a practical **case of 2760 towels**, these folded hand towels offer a cost-effective solution for businesses requiring dependable hygiene consumables in high-use environments.

Product Features

- **1 ply C-fold hand towels**
- Strong and absorbent paper construction
- Designed for hygienic towel dispensing
- **Reliable wet strength** helps reduce tearing
