

Diversey Carefree Shine and Care Floor Polish – 5L (Previously Carefree Eternum)

Variant code: 03-230

Diversey Carefree Shine and Care is a **high gloss floor polish** developed for use in commercial and professional environments where durability and ease of maintenance are essential. Part of the Diversey Carefree range, this product is designed to provide a balance of appearance and performance, supporting long-lasting floor protection with reduced maintenance effort.

The formulation features a **blend of three polymers** engineered to deliver a **high gloss finish** and consistent performance across resilient floor types. It provides **excellent adhesion** to the floor surface, forming a **hard wearing protective film** that withstands daily traffic. The polish is designed as a **low maintenance solution**, helping reduce ongoing cleaning requirements while maintaining a professional appearance.

The finish offers **superior resistance to black heel marking**, supporting improved floor presentation in high-traffic areas. Supplied in a 5L format, it integrates easily into structured floor care programmes and can be applied using standard equipment for consistent results.

Product Features

- **High gloss floor polish** for professional use
- **Low maintenance formulation**
- **Blend of three polymers** for enhanced performance
- Provides **excellent adhesion** to floor surfaces
- Forms a **hard wearing protective film**
- **Resistant to black heel marking**

Product Benefits

- **Enhances floor appearance** with a high gloss finish
- Reduces ongoing maintenance requirements
- **Extends floor life** through durable protection
- Maintains presentation in high-traffic

- environments
- Supports efficient cleaning programmes
 - Minimises visible marking and wear

Technical Characteristics

- Supplied in **5 litre containers**
- Suitable for resilient floor surfaces
- Apply using standard polish applicators or mops
- Allow appropriate drying time between coats
- Compatible with routine maintenance systems
- Store in a cool, dry environment and follow safety guidance

Applications

Diversey Carefree Shine and Care Floor Polish is suitable for commercial cleaning, healthcare, education, retail and facilities management environments where floor appearance and durability are important. It is particularly effective in **high-traffic areas** such as corridors, entrances and public spaces, where a **high gloss, hard wearing finish** is required. The **low maintenance formulation** makes it ideal for sites seeking to reduce cleaning effort while maintaining consistent presentation standards.

Property	Value
Fragrance	Characteristic
Dilution	Use Neat
pH	9
Area of Use	Ideal for high traffic areas
CLP	irritant
How to Use	Strip old emulsion polish using a polish stripper. Apply thin coat using clean mop/polish applicator. Allow to dry (30 mins), prior to applying 2nd coat. If higher gloss is required apply further coats. Sweep/mop floors daily to maintain the polish.
Chemical Colour	White
