

Clinell Universal Refill Wipes – Pack of 225

Variant code: 07-CWBUC225R

The **Clinell Universal Disinfectant Wipes Refill** provides a convenient solution for maintaining high standards of cleanliness and hygiene in healthcare, commercial and everyday environments. These **pre-moistened antimicrobial wipes** combine cleaning and disinfecting action in a single step, making them suitable for use on **hands and compatible surfaces**.

Formulated to be effective against a broad range of microorganisms, Clinell Universal Wipes are designed to **kill 99.99% of bacteria and viruses, including coronavirus**, under the appropriate conditions of use. Their combined **detergent and disinfectant action** helps remove everyday dirt and contamination while supporting effective hygiene procedures without the need for separate cleaning and disinfecting products.

Supplied as a **refill pack containing 225 wipes**, this product is intended for replenishing a compatible Clinell Universal Wipes dispensing tub. The convenient refill format helps reduce the need to replace the complete dispenser, making it a practical option for frequently used cleaning stations in **healthcare facilities, workplaces and other shared environments**.

Product Features

- **Universal antimicrobial wipes** for cleaning and disinfecting
- Combines **detergent and disinfectant action** in one wipe
- Designed to **kill 99.99% of bacteria and viruses**, including coronavirus, under specified conditions
