Clinical Waste Sacks - Heavy Duty - 90L/10Kg - Box of 100 - Orange

Variant code: 18-COL28RO

Clinical Waste Sacks are durable **heavy duty 90 litre clinical waste disposal bags** designed to provide safe, hygienic and compliant waste management for healthcare and professional environments. Manufactured from strong high-quality polyethylene, these orange clinical waste sacks deliver dependable performance for the containment and disposal of non-sharp clinical and medical waste materials.

Featuring a generous **90 litre capacity** and a reliable **10kg load rating**, these heavy-duty sacks are engineered to resist tearing, punctures and leaks during handling and transportation. Their highly visible **orange colour** supports correct identification and segregation of clinical waste streams in accordance with healthcare waste management regulations, helping minimise the risk of accidental mishandling and supporting effective infection control procedures.

Supplied in a practical **box of 100 sacks**, packed as **4 rolls of 25 bags**, these clinical waste sacks provide efficient storage, convenient dispensing and a cost-effective waste disposal solution for hospitals, laboratories and healthcare facilities requiring dependable waste management consumables.

Product Features

- **Heavy duty clinical waste sacks**
- **90 litre capacity**
- **10kg load rating**
- Strong tear and puncture-resistant polyethylene construction
- Highly visible **orange colour** for clinical waste segregation
- Suitable for non-sharp clinical and medical waste
- Convenient roll format for easy dispensing
- **4 rolls of 25 bags per box**
- **Box quantity: 100 sacks**

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- Supports safe and compliant clinical waste disposal
- Helps reduce risk of leaks, spills and contamination
- Improves infection control and waste segregation procedures
- Provides reliable containment for medical waste materials
- Supports hygienic workplace and healthcare environments
- Improves storage and dispensing convenience
- Offers economical bulk supply for regular clinical waste management

Technical Characteristics

- **90L heavy duty clinical waste sacks**
- **10kg maximum load capacity**
- Orange high-strength polyethylene construction
- Suitable for non-sharp clinical waste applications
- Designed for healthcare and medical environments
- Roll format for efficient dispensing and storage
- **4 rolls per box / 25 bags per roll**
- **Total quantity: 100 sacks**

Applications

Clinical Waste Sacks are ideal for hospitals, GP surgeries, dental practices, veterinary clinics, laboratories, nursing homes, research facilities, beauty salons and healthcare environments requiring safe and compliant clinical waste disposal solutions. Their strong heavy-duty construction and colour-coded orange design make them particularly suitable for infection control and regulated medical waste management systems.
