Clinical Waste Sacks - Heavy Duty - 5kg - Roll of 25/20L - Yellow

Variant code: 18-CX25/CWHD2

Clinical Waste Sacks are durable **heavy duty 20 litre waste disposal bags** designed for the safe, hygienic and compliant handling of clinical waste in healthcare and laboratory environments. Manufactured from strong high-quality material, these yellow clinical waste sacks provide reliable containment for non-sharp clinical waste while supporting infection control and safe waste segregation procedures.

Featuring a practical **20 litre capacity** and a dependable **5kg load rating**, the sacks are engineered to resist tears, punctures and leaks during use. Their distinctive **yellow colour** supports correct identification and segregation of clinical waste streams in accordance with standard healthcare waste management protocols. The strong heavy-duty construction helps maintain hygienic handling conditions and reduces the risk of spills or contamination.

Supplied in a convenient **roll of 25 sacks**, these clinical waste bags provide easy storage, efficient dispensing and dependable everyday performance for healthcare facilities and professional clinical environments.

Product Features

- **Heavy duty clinical waste sacks**
- **20 litre capacity**
- **5kg load rating**
- Strong tear-resistant construction
- Designed to resist leaks and punctures
- High-visibility **yellow colour** for clinical waste segregation
- Convenient **roll of 25 sacks**
- Suitable for non-sharp clinical waste disposal

Product Benefits

- Supports safe and compliant clinical waste disposal
- Helps reduce risk of contamination and leakage
- Improves waste segregation and infection
