Compostable Bin Liners - 40L - Roll of 25

Variant code: 18-VBL40

Compostable Bin Liners are environmentally responsible **40 litre waste bags** designed for hygienic collection and disposal of food waste, organic materials and compostable household refuse. Manufactured from certified compostable materials, these durable liners provide a sustainable alternative to traditional plastic bin bags while supporting cleaner and greener waste management practices.

Designed to fit standard **40 litre kitchen bins and waste caddies**, these compostable liners combine dependable strength with practical everyday performance. The durable construction helps securely contain food scraps, garden waste and organic materials without tearing or leaking during normal use. Certified compostable to recognised standards, the liners naturally break down in commercial or home composting systems without leaving harmful residues behind.

Supplied in a convenient **case of 500 liners**, packed as **20 rolls of 25 bags**, these compostable waste bags offer efficient dispensing, easy storage and excellent long-term value for homes, workplaces and commercial environments focused on sustainable waste disposal.

Product Features

- **Compostable bin liners**
- **40 litre capacity**
