

Compostable Liner – 80L – Rolls of 10 x 40 – Case of 400

Variant code: 18-VBL80

Compostable Bin Liners – 40 Litre – Convenient Rolls of 25

Keep your kitchen and garden waste tidy and environmentally friendly with our **premium 40-litre compostable bin liners**. This pack contains **25 durable and reliable liners** conveniently presented on a roll for easy dispensing and storage.

These **eco-friendly bin bags** are the perfect alternative to traditional plastic liners, helping you reduce your environmental impact. Made from high-quality, **certified compostable materials**, these bags will naturally break down in a composting environment, turning into valuable soil-enriching compost without leaving harmful residues.

Key Features & Benefits:

- **Generous 40-litre capacity:** Ideal for standard-sized kitchen bins, food waste caddies, and even light garden waste.
- **Pack of 25 liners:** Provides a long-lasting supply, offering excellent value for money.
- **Strong and durable:** Designed to securely hold your waste without tearing or leaking during normal use. While designed to break down in compost, they are made to be robust enough for everyday disposal.
- **Certified compostable:** Meets stringent standards for biodegradability and compostability, ensuring they break down effectively in municipal or home composting systems. Look for certifications such as EN13432 or similar.
- **Environmentally responsible:** Reduce your reliance on non-biodegradable plastic bags and contribute to a greener planet.
- **Easy to use:** Simply line your bin as you would with conventional bags.
- **Convenient roll format:** Each roll of 25 liners is compact and easy to store, with perforated edges for simple tear-off.
- **Versatile use:** Suitable for kitchen food

scraps, fruit and vegetable peelings, coffee grounds, tea bags, garden leaves, grass clippings, and other compostable waste.

Make the switch to our 40-litre compostable bin liners and take a positive step towards a more sustainable future! Order your rolls of 25 today.

Instructions for Use:

1. Carefully open the packaging and unroll the desired number of liners.
2. Tear off a single liner along the perforated edge.
3. Place the liner inside your 40-litre bin or waste caddy, ensuring the top edges are folded over the rim for a secure fit.
4. Dispose of compostable waste as usual.
5. Once full, carefully remove the liner and tie it securely.
6. Place the filled compostable liner in your designated compost bin or kerbside food waste collection.

Storage:

Store the rolls of compostable liners in a cool, dry place away from direct sunlight and moisture to maintain their integrity. Use within a reasonable timeframe after purchase for optimal performance.

Choose our **40-litre compostable bin liners** for a practical, reliable, and environmentally conscious way to manage your waste!
