Cooker Hood Filter - 47 x 57cm Sheet - Pack of 2

Variant code: 16-FIL126

Cooker Hood Filter Sheet is a **universal replacement grease filter** designed to help maintain the performance and efficiency of domestic cooker hoods and extractor fans. Measuring **47 x 57cm**, each filter sheet can be easily trimmed to size, making it suitable for a wide range of cooker hood models and manufacturers.

Manufactured from high-quality filter media, the sheets effectively capture airborne grease, cooking oils and food particles before they enter the extractor system. Regular replacement helps maintain optimum airflow, improves extraction efficiency and reduces grease build-up within the cooker hood, contributing to cleaner and more hygienic kitchen environments.

Supplied as a convenient **pack of 2**, these universal filter sheets offer excellent value and are quick and easy to cut, fit and replace. They are an ideal solution for routine cooker hood maintenance in domestic kitchens.

Product Features

- Universal replacement cooker hood grease filter sheets
- Sheet size: 47 x 57cm
- Easy to trim to the required size
- Captures grease, cooking oils and airborne particles
- Helps maintain extractor fan efficiency
- Improves airflow through the cooker hood
