

Selden D-Bond Chewing Gum Remover – 6 x 750ml

Variant code: 06-T133

For removal of chewing gum from all types of carpet. Performance is best on dried gum. Ideal for pubs, clubs and all carpeted public areas.

Spray liberally over the chewing gum and immediate surrounding area. Wait for a few minutes for the chemical action to take place. Using a blunt edged scraper and/or cloth – gently peel the gum from the carpet, taking care not to damage delicate fabrics. After use rinse out with water or a suitable extraction shampoo using an extraction machine.

****It is essential that you test the carpet for colourfastness prior to use.****
