SC Johnson Deb Swarfega® Wash & Wipe - Light Duty Waterless Hand Cleaner - 750ml

Variant code: 10-CRH36V

SC Johnson Deb Swarfega® Wash & Wipe is a professional waterless hand cleaner designed to provide **quick and convenient hand cleansing without the need for water** in mobile and industrial working environments. Developed for use with the Skin Safety Cradle system, the smooth cream formulation effectively removes light workplace dirt and grime while supporting hygiene in locations where traditional washroom facilities may not be available.

The gentle cream hand cleaner is ideal for outdoor workers, engineers, transport operators and mobile technicians requiring practical hand cleaning throughout the working day. Its waterless formulation allows hands to be cleaned quickly and efficiently on-site, helping improve hygiene standards during remote or off-grid work activities.

Designed as a refill for the **Skin Safety Cradle system**, the hygienic cartridge format supports controlled dispensing and simple replacement within mobile hygiene stations and workplace vehicles. The compact and efficient system helps keep hygiene products organised and easily accessible in demanding work environments.

Suitable for industrial workplaces, service vehicles, construction sites and engineering operations, the cleaner supports everyday hand hygiene and worker convenience where access to running water may be limited.
