

SC Johnson Deb Kresto® Heritage – Super-Heavy Duty Hand Cleaner – 2L

Variant code: 10-CIT2LT

SC Johnson Deb Kresto® Heritage is a professional super heavy-duty hand cleaner designed to provide **powerful cleansing performance for industrial environments** where difficult and deeply ingrained contamination is common. Developed with a solvent-based formulation and natural cornmeal scrubbing agent, it effectively removes stubborn industrial soils while helping maintain skin comfort during regular use.

The advanced solvent-based formula works rapidly to remove **oil, grease, bitumen, tar, adhesives, grime and many oil-based paints**, making it ideal for demanding workshop, engineering and maintenance environments. Its versatile cleaning performance allows effective removal of extremely heavy soiling without excessive scrubbing.

Containing a **non-abrasive cornmeal scrubbing agent**, the cleaner delivers a deep cleansing action without damaging the skin. The natural scrubbing particles rinse away easily after use, helping prevent blocked drains and pipes in busy industrial facilities.

The formulation includes **skin conditioners** to help reduce dryness and leave hands feeling smooth after washing. Designed with a low pH value to support the skin's natural barrier, the cleaner also features a pleasant citrus fragrance for a fresher user experience. The silicone-free formulation ensures compatibility in environments involving paint and surface coating applications.

Product Features

- Professional **super heavy-duty hand cleaner**
- Powerful **solvent-based cleansing formulation**
- Removes oil, grease, bitumen, tar and adhesives
- Contains **non-abrasive cornmeal scrubbing agent**
- Pleasant citrus fragrance

- Silicone-free formulation

Product Benefits

- Provides **rapid and effective removal of heavy industrial soiling**
- Deep cleans without damaging the skin
- Helps maintain skin comfort during regular use
- Cornmeal scrub rinses easily to help prevent blocked drains
- Suitable for paint and coating environments
- Leaves hands feeling clean, smooth and refreshed

Technical Characteristics

- Supplied in **4L cartridge**
- Solvent-based industrial hand cleaner formulation
- Contains natural cornmeal scrubbing agent
- Low pH formulation
- Silicone-free
- Use in accordance with manufacturer guidelines

Applications

SC Johnson Deb Kresto® Heritage is suitable for use in **industrial workshops, engineering facilities, automotive environments, maintenance departments, construction sites and manufacturing plants**. It is ideal for removing **extremely heavy industrial contamination** including oil, grease, bitumen, tar, adhesives and oil-based coatings where powerful hand cleaning performance is required.

Property	Value
Fragrance	Citrus
pH	6.75
Volume (L)	2
Area of Use	Industrial, Automotive, Vehicle Maintenance, Construction
How to Use	Apply directly onto dry hands before adding water. Rub thoroughly to loosen dirt, grease, oils, adhesives, or grime. Add a small amount of water to emulsify, continue rubbing, then rinse thoroughly and dry hands completely.
Chemical Colour	Yellow

Property	Value
Formulation Type	Solvent-Based Formula
Application	Industrial Hand Cleaning
Compatible Dispensers	SC Johnson Professional Heavy Duty Dispensers
Refill Type	Cartridge Refill
Cleansing Performance	Removes Heavy & Deeply Ingrained Soiling
Effective against	Oil, Grease, Bitumen, Adhesives, Tar, Oil-Based Paints, Grime
