SC Johnson Deb Rose Foam Hand Wash - Case of 6 x 1L

Variant code: 10-RFW1L

SC Johnson Deb Rose Foam Hand Wash is a **mild biodegradable foam hand wash** designed for everyday use in professional washroom environments. Manufactured by SC Johnson Professional, this product combines effective hand cleansing with skin care benefits, helping maintain hygiene standards while delivering a pleasant user experience.

The formulation is lightly scented with the **Signature Fragrance of Enchanted Rose**, developed to provide fresh, clean and caring fragrance notes with broad user appeal. It washes away **over 99% of dirt and germs** when used properly, making it suitable for offices, education facilities, nurseries, healthcare environments, aged care settings and public washrooms.

Its **mild dermatologically tested formulation** is designed to minimise the risk of skin irritation during frequent use. The product contains **Glycerin** to help moisturise the skin and maintain softness after washing, while the **low pH formulation (4.0–5.0)** supports the skin's natural acid mantle and bacterial balance. The formula also uses a mild preservative system to further support skin compatibility and carries **ECARF certification** for sensitive skin tolerance.

The **high quality silky-smooth foam** dispenses instantly onto hands for convenient washing and quick rinsing. Compared to lotion soaps, the foam system provides more washes using less product while helping reduce water consumption. The formulation is also **readily biodegradable** and certified with the **EU Ecolabel**, supporting reduced environmental impact across its lifecycle.
