SC Johnson Deb Solopol® GFX™ - Heavy Duty Hand Cleaner - Case of 4 x 3.25L

Variant code: 10-GPF3L

SC Johnson Deb Solopol® GFX™ is a professional heavy-duty foam hand cleaner developed to provide **powerful industrial cleaning performance with superior skin comfort** in demanding workplace environments. Featuring the world's only heavy-duty Power Foam formulation with grit, the advanced solvent-free cleaner effectively removes ingrained industrial contamination while supporting high-frequency daily use.

The powerful foam formulation is designed to remove **oil, grease, carbon black, lubricants, grime and heavy industrial soilings** quickly and efficiently. Its patented foaming technology dispenses as an instant rich foam lather that spreads rapidly across the hands to emulsify dirt for deep cleaning while rinsing away easily after use.

Containing **cornmeal and olive pit scrubbing agents**, the formula provides a deep clean without damaging the skin. The natural scrubbing particles are suspended within the foam for even distribution and rinse away cleanly to help prevent blocked drains and pipes. The solvent-free formulation delivers cleaning performance typically associated with solvent-based products without the harsh effects on skin.

Designed for high-frequency industrial use, the formulation is clinically proven to be non-irritant and contains moisturisers to help leave hands feeling smooth and conditioned after washing. The low pH formula supports the skin's natural barrier, while the silicone-free composition makes it suitable for paint and coating environments. Each cartridge delivers more than twice the number of hand washes compared to traditional lotion hand cleaners, helping reduce maintenance and product consumption costs.

Product Features

- Professional **heavy-duty foam hand cleaner**
- Patented **Power Foam technology with**

grit
- Removes oil, grease, carbon black and industrial grime
- Contains **cornmeal and olive pit scrubbing agents**
- Solvent-free and silicone-free formulation
- Low pH skin-friendly formula with moisturiser

Product Benefits

- Provides **rapid and powerful industrial hand cleaning**
- Deep cleans without damaging the skin
- Foam system uses **50% less product per wash**
- Helps maintain skin comfort during frequent use
- More than twice as many washes compared to lotion cleaners
- Helps reduce maintenance costs and storage requirements

Technical Characteristics

- Supplied as **4 x 3.25L cartridges**
- Heavy-duty foam hand cleaner formulation
- Contains natural cornmeal and olive pit scrubbers
- Low pH formulation (pH 4.5–5.5)
- Solvent-free and silicone-free
- Use in accordance with manufacturer guidelines

Applications

SC Johnson Deb Solopol® GFX™ is suitable for use in **industrial workshops, manufacturing plants, automotive facilities, engineering environments, maintenance operations and heavy industrial workplaces**. It is ideal for removing **heavy industrial contamination** including oil, grease, carbon black, lubricants and ingrained grime while supporting frequent workplace hand washing.

Property	Value
Fragrance	Perfume
pH	4 - 5
Volume (L)	3.25
