SC Johnson Deb Solopol® Lime - Medium-Heavy Duty Hand Wash - 4L

Variant code: 10-LIM4LTR

SC Johnson Deb Solopol® Lime is a professional medium duty hand cleaner developed to provide **effective removal of industrial dirt, oil and grease** in workplace environments. The solvent-free formulation combines efficient cleansing performance with natural cornmeal scrubbing agents and a refreshing lime fragrance for a pleasant and effective hand cleaning experience.

Designed for use in industrial settings, the advanced cleansing formula effectively removes **medium to heavy industrial soilings** including oil, grease, dirt and general workplace grime. The solvent-free formulation uses a blend of mild cleansing agents to deliver strong cleaning performance without being unnecessarily harsh on the skin.

The cleaner contains **non-abrasive cornmeal scrubbing agents** that help lift ingrained dirt while remaining gentle on skin. The natural scrubbers rinse away easily after use, helping reduce the risk of blocked drains and pipes in busy workshop and industrial washroom environments.

Enriched with **glycerin moisturiser**, the formulation helps prevent skin dryness and leaves hands feeling smooth after washing. The refreshing light lime fragrance enhances user comfort, while the silicone-free formulation ensures compatibility in paint and surface coating environments. Certified to the **ECOLOGO® UL 2784 sustainability standard**, the product supports environmentally responsible industrial hygiene management.

Product Features

- Professional **medium duty hand cleaner**
- Solvent-free cleansing formulation
- Removes oil, grease and industrial grime
- Contains **cornmeal scrubbing agents**
- Refreshing light lime fragrance
- ECOLOGO® certified formulation
