Denis Rawlins Brass Detail Brush: For DR75C

Variant code: 16-CAP10922

Denis Rawlins Stainless Steel Detail Brush is a genuine replacement **steam cleaning brush** designed specifically for the **Denis Rawlins DR75C steam cleaner**. Fitted with durable stainless steel bristles, this detail brush is ideal for tackling stubborn dirt, grease, burnt-on residues and heavily soiled surfaces that require more aggressive cleaning than standard nylon brushes.

Designed to maximise the cleaning power of the DR75C, the stainless steel bristles work in conjunction with high-temperature steam to break down ingrained contamination while providing precise cleaning in corners, joints, grout lines and other difficult-to-reach areas. Its robust construction ensures excellent durability for demanding commercial and industrial cleaning applications.

Easy to fit and replace, this genuine Denis Rawlins accessory helps maintain the performance and versatility of your DR75C steam cleaner. It is particularly suited to heavy-duty cleaning tasks where maximum scrubbing action is required.
