Denis Rawlins Extension Tube: For DR75 - Each

Variant code: 16-CAP71004

Denis Rawlins Extension Tube is a **genuine replacement steam cleaning accessory** designed specifically for the **Denis Rawlins DR75 Steam Cleaner**. Engineered to extend the reach of the steam cleaning system, this extension tube allows operators to clean high, low and difficult-to-access areas more comfortably and efficiently.

By increasing the working length of the steam cleaning tool, the extension tube helps reduce bending, stretching and operator fatigue during extended cleaning tasks. It provides improved access to ceilings, walls, floors, machinery, fixtures and confined spaces, enhancing both productivity and cleaning effectiveness.

Manufactured from durable materials for professional cleaning environments, the extension tube delivers reliable performance and long service life. Easy to fit and remove, it is an essential accessory for expanding the versatility and reach of the Denis Rawlins DR75 steam cleaning system.

Product Features

- Genuine Denis Rawlins extension tube
- Designed for the DR75 Steam Cleaner
- Extends cleaning reach and accessibility
- Compatible with DR75 accessories and tools
- Durable commercial-grade construction
