KGS Flexis® Diamond Floor Pads 21" Course 400 - Red - Box of 2

Variant code: 03-D21C

KGS Flexis Diamond Floor Pads are **professional diamond-impregnated floor cleaning pads** designed for deep cleaning, surface renovation and hard floor maintenance. Featuring advanced diamond abrasive technology, these coarse 400 grit red pads effectively remove stubborn dirt, grease and surface contamination from heavily soiled floors.

The **Coarse 400 Red pad** is the first stage of the KGS Flexis four-step floor restoration system. It is particularly effective on rough, worn and heavily soiled surfaces, helping remove ingrained dirt, light surface imperfections and accumulated floor finishes before progressing to finer polishing stages.

Designed for use with compatible **rotary floor machines and scrubber driers**, the pads provide effective cleaning using water alone, reducing reliance on chemical cleaning products. Their durable construction supports consistent performance in demanding commercial and industrial environments.

Product Features

- **Diamond-impregnated construction** for professional floor maintenance
- **Coarse 400 grit** abrasive grade
- Red pad for deep cleaning and surface renovation
- Removes ingrained dirt, grease and surface build-up
- First stage of the KGS Flexis four-step polishing system
- Effective cleaning using water alone
- Compatible with suitable rotary machines and scrubber driers
- Supplied in a **box of 2 pads**

Product Benefits

- Provides effective deep cleaning on heavily soiled floors
- Helps restore worn and dull floor surfaces
- Reduces reliance on chemical cleaning
