KGS Flexis® Diamond Floor Pads 21" Medium 800 - Blue - Box of 2

Variant code: 03-D21M

KGS Flexis Diamond Floor Pads are **professional diamond-impregnated floor cleaning and polishing pads** designed for intermediate floor restoration and maintenance. The Medium 800 grit grade effectively removes minor scratches, surface marks and light imperfections while improving the smoothness of hard floor surfaces.

The **Medium 800 Blue pad** is the second stage of the KGS Flexis four-step floor restoration system. Designed for use after initial coarse cleaning, it refines and evens out the floor surface, preparing it for subsequent **1500 and 3000 grit polishing stages** to achieve a smooth, high-quality finish.

Compatible with **rotary floor machines and scrubber driers**, the pad delivers effective cleaning using water alone, reducing reliance on chemical cleaning products. Its durable diamond abrasive construction provides consistent performance across suitable concrete, terrazzo, marble, granite and other hard floors.

Product Features

- **Diamond-impregnated construction** for professional floor maintenance
- **Medium 800 grit** abrasive grade
- Removes minor scratches, marks and light surface imperfections
- Smooths and refines floors following initial deep cleaning
- Second stage of the KGS Flexis four-step polishing system
- Effective cleaning using **water alone**
- Compatible with rotary floor machines and scrubber driers
- Supplied in a **box of 2 pads**

Product Benefits

- Improves floor smoothness and overall appearance
- Helps remove light scratches and surface damage
- Reduces reliance on chemical cleaning products
