Diversey Shield Limescale Remover - 12x1L

Variant code: 05-852

Diversey Shield Limescale Remover is a **heavy-duty acidic washroom cleaner and descaler** designed to remove stubborn limescale, mineral deposits and accumulated grime from suitable washable surfaces. Its powerful formulation helps restore shine to washroom fittings and surfaces, making it ideal for **toilets, showers, changing rooms and swimming pool facilities** where scale build-up and regular cleaning present ongoing challenges.

The specialist **acid-based cleaning formula** breaks down limescale and stubborn soiling while incorporating **Odour Neutralising Technology** to help neutralise unpleasant smells and leave a fresh fragrance. Suitable for both **periodic heavy-duty descaling and diluted daily cleaning**, it provides a versatile solution for maintaining clean washroom surfaces. The formulation is also suitable for **stainless steel** when used as directed.

For **daily cleaning and limescale prevention**, dilute one part product with 10–100 parts hand-warm water, depending on the level of soiling. Apply using a damp sponge, cloth or mop, leave for **5 minutes**, then rinse thoroughly and allow to dry. For heavy limescale deposits, apply undiluted to suitable surfaces using the same contact time and rinsing procedure. **Do not use on marble, terrazzo or enamel surfaces.** Supplied in a **case of 12 x 1L bottles**, providing 12 litres in total.

Product Features

- **Heavy-duty limescale remover** for professional washroom cleaning
- **Powerful acidic formulation** dissolves mineral deposits and limescale
- **Effective grime removal** tackles stubborn washroom soiling
- **Odour Neutralising Technology** helps eliminate unpleasant smells
- **Fresh fragrance** leaves washroom areas smelling clean
- **Restores surface shine** by removing scale and accumulated deposits
- **Suitable for daily cleaning** when diluted as directed
- **Suitable for periodic descaling** when

used undiluted
- **Stainless steel compatibility** when used according to instructions
- **Versatile application** for toilets, washrooms, showers and changing rooms
- **Suitable for swimming pool facilities** and associated washroom areas
- **Flexible dilution range** to accommodate different levels of soiling
- **Five-minute contact time** for limescale and stain removal
- **Clear red liquid** for product identification
- **Convenient 1L bottles** with directional dispensing nozzles
- **Bulk case of 12 bottles** provides 12 litres in total

Product Benefits

- **Effective limescale removal** helps maintain cleaner washroom surfaces
- **Restored surface appearance** improves the finish of suitable fittings
- **Powerful cleaning performance** removes accumulated grime and mineral deposits
- **Improved washroom freshness** helps control unpleasant odours
- **Dual-use formulation** supports daily cleaning and periodic deep cleaning
- **Flexible dilution** helps match product strength to cleaning requirements
- **Reduced scale accumulation** supports ongoing washroom maintenance
- **Versatile surface cleaning** makes it suitable for multiple washroom environments
- **Stainless steel suitability** supports cleaning of compatible fittings
- **Practical application methods** allow use with a sponge, cloth or mop
- **Suitable for large areas** including showers and changing rooms
- **Bulk case packaging** reduces the frequency of stock replenishment

Technical Characteristics

- **Brand:** Diversey
- **Product Range:** Shield
- **Product Name:** Shield Limescale Remover
- **Product Type:** Heavy-Duty Washroom Limescale Remover
- **Cleaning Category:** Acidic Descaler and Washroom Cleaner
