Door Sign 76mm Disc 'Automatic Fire Door Keep Clear' - Satin Stainless Steel

Variant code: 2670.01.SSS

The **Automatic Fire Door Keep Clear** Door Sign is a premium architectural safety sign designed to clearly identify automatic fire doors and help ensure they remain unobstructed at all times. With a **76mm diameter**, this sign provides a highly visible safety message while complementing both contemporary and traditional door hardware installations.

Manufactured for long-lasting performance, the sign has been tested to **BS EN 1634-1** as part of compatible fire door assemblies, making it suitable for use on certified fire doors. Available in a choice of **Antique Brass**, **Polished Brass**, **Polished Stainless Steel**, **Satin Anodised Aluminium** and **Satin Stainless Steel** finishes, it can be matched to a wide range of architectural ironmongery for a coordinated appearance.

Ideal for new-build developments, refurbishment projects and routine fire door maintenance, the Automatic Fire Door Keep Clear Door Sign provides a professional and durable solution for supporting fire safety compliance across commercial, public and residential buildings.
