Eco Interfold Hand Towels - 1 Ply - Natural - Case of 5000

Variant code: 01-349

Eco Interfold Hand Towels are economical and environmentally responsible **1 ply folded hand towels** designed to provide efficient and hygienic hand drying in busy commercial washroom environments. Manufactured for high-use facilities, these towels offer reliable everyday performance while supporting sustainable washroom management practices.

The **V-fold interfold design** allows controlled single-sheet dispensing, helping reduce waste, improve hygiene and minimise unnecessary towel consumption. Produced in a natural grey finish without dyes or bleaching agents, the towels provide an environmentally friendly alternative to traditional white paper towels. The undyed construction also helps prevent staining on floors and surfaces when wet, making them particularly practical for busy washroom areas.

Supplied in a high-capacity **case of 5000 towels**, these eco hand towels offer a highly economical solution for workplaces requiring dependable hand drying and reduced maintenance frequency. Designed to fit most **C-fold and interfold dispensers**, they are suitable for a wide range of commercial washroom systems.
