Ecover Camomile and Clementine Washing Up Liquid - 8 x 950ml

Variant code: 04-EC020

Ecover Sensitive Washing Up Liquid is a **plant-based manual dishwashing detergent** designed to cut through grease, food residues and everyday grime while being kind to skin. Its powerful, **biodegradable cleaning ingredients** help leave dishes, glasses, cutlery and cookware sparkling clean, making it a practical choice for everyday washing up in domestic and workplace kitchens.

The effective formula combines **plant-derived surfactants** to lift grease and stubborn food deposits from kitchen utensils. **Dermatologically tested** and developed with sensitive skin in mind, it provides effective cleaning performance in both hard and soft water. The **Camomile & Clementine fragrance** combines floral and citrus notes for a pleasant washing-up experience, while its carefully selected ingredients support more environmentally considerate cleaning.

Designed for **everyday manual dishwashing**, the concentrated formula requires only one squeeze for a sink full of dishes, helping minimise unnecessary product consumption. It is also **suitable for septic tanks** when used as directed and carries the **Leaping Bunny cruelty-free certification**. Supplied in a **pack of 8 x 950ml bottles**, providing 7.6 litres in total, it offers a convenient bulk solution for homes, offices and shared kitchen facilities.
