Evans Clear Glass Cleaner RTU - 750ml

Variant code: 06-220

Evans Clear is a highly efficient **glass cleaner** developed by Evans Vanodine for fast and effective cleaning of windows, mirrors and hard surfaces. This ready-to-use formulation quickly removes grime, grease and finger marks while leaving a sparkling, streak-free finish.

Designed for versatile professional cleaning applications, Evans Clear is suitable for use on **glass, stainless steel, chrome, plastic, ceramic, porcelain and mirrors**. It is particularly effective for removing finger marks from **lift interiors and surrounding surfaces**, helping maintain a clean and polished appearance in public and commercial environments. The formulation is also suitable for cleaning computer keyboards and glass surrounds, providing reliable everyday cleaning performance across multiple surface types.

Product Features

- **Ready-to-use glass and window cleaner**
- Leaves a **sparkling streak-free finish**
- Suitable for **glass, stainless steel and chrome surfaces**
- Quickly removes **grime, grease and finger marks**
