Evans EC4 Sanitiser - Hard Surface Cleaner Concentrate - Purple Zone - 1L

Variant code: 07-EZ40

Evans EC4 Sanitiser is a professional **hard surface cleaner concentrate** designed to deliver effective cleaning and sanitising performance in one process. As part of the **e-zone colour-coded system**, the **Purple Zone** designation supports safe and controlled cleaning practices in hygiene-critical environments.

This formulation allows users to **remove soiling and kill bacteria in a single operation**, improving efficiency in daily cleaning routines. The product is a **super concentrate**, requiring **low dosage** while maintaining consistent performance, making it highly economical. It is designed for use with **colour-coded trigger bottles**, supporting structured cleaning systems and reducing the risk of cross-contamination.

Product Features

- **Hard surface cleaner and sanitiser concentrate**
- Removes dirt and **kills bacteria in one operation**
- Part of the **e-zone colour-coded system (Purple Zone)**
- Passes **EN1276, EN14476 and EN16777 certifications**
- Effective against bacteria and **enveloped viruses**
- **Super concentrate** with low dosage requirements
- Compatible with **colour-coded trigger bottles**

Product Benefits

- Combines **cleaning and sanitising** to improve efficiency
- Supports hygiene compliance in **regulated environments**
- Helps control the spread of bacteria and viruses
- Reduces product usage through **concentrated formulation**
- Enhances safety with **colour-coded system control**

- Provides consistent results across cleaning tasks
- Suitable for **high-demand professional environments**

Technical Characteristics

- Passes **EN1276** for bactericidal performance
- Passes **EN14476 and EN16777** for virucidal effectiveness
- Dilute according to **manufacturer guidance**
- Suitable for use with **spray bottles, cloths and cleaning systems**
- Designed for use within the **e-zone system**
- Effective on most **washable hard surfaces**
- Store in a **cool, dry environment** and follow safety guidance

Applications

The **Evans EC4 Sanitiser** is suitable for use in **commercial kitchens, healthcare environments, schools and public facilities** where hygiene control is essential. It is ideal for cleaning and sanitising **worktops, equipment surfaces and high-touch areas**, helping maintain cleanliness and reduce contamination risks. The **Purple Zone classification** supports organisations implementing **colour-coded cleaning systems** to improve operational safety and compliance.

Property	Value
Fragrance	Unperfumed
Volume (L)	1
pH	12.7
Dilution	Dilute at 1:60 (10 ml per 600 ml water). Clean surface first, then apply by spray, cloth, or mop. Leave for 30 sec–1 min contact time, wipe and let dry. Rinse food-contact surfaces with clean water after use.
Area of Use	For use in catering, food processing and preparation areas, health care establishments, nursing homes, schools and wherever hygiene is of the utmost importance
