Evans EC6 All Purpose - Hard Surface Cleaner Concentrate - Blue Zone - Case of 4x1L

Variant code: 07-EZ50

Evans EC6 All Purpose is a versatile **hard surface cleaner concentrate** developed by Evans Vanodine for routine interior cleaning across a wide range of environments. As part of the **e-zone colour-coded system**, the **Blue Zone** classification supports clear product identification and helps maintain structured cleaning practices.

Formulated using carefully selected cleaning agents, this product delivers effective removal of everyday dirt and light soiling while leaving a **clean, fresh fragrance**. The concentrate format ensures **low dosage and economical use**, making it suitable for high-frequency cleaning tasks. Developed with consideration for environmental impact, it provides a balanced solution for organisations looking to maintain performance while supporting responsible cleaning practices.

Product Features

- **Hard surface cleaner concentrate** for interior use
- Part of the **e-zone colour-coded system (Blue Zone)**
- Designed for **general cleaning of washable hard surfaces**
- Formulated with **highly effective cleaning agents**
- Leaves a **clean, fresh fragrance**
- **Low dosage formulation** for economical use
- Suitable for routine cleaning in professional environments

Product Benefits

- Provides consistent cleaning for **everyday maintenance tasks**
- Supports efficient workflows with **colour-coded system control**
- Reduces product consumption through **concentrated formulation**
- Improves surface appearance by removing light soiling
- Enhances user confidence with clear product identification
