Evans Evolve - 1L Cartridge Foam Dispenser - White

Variant code: 10-362

Evans Evolve - 1L Cartridge Foam Dispenser is a professional **foam soap dispenser** designed for controlled and hygienic dispensing in commercial washroom environments. Developed for compatibility with Evans Evolv cartridge systems, it provides a practical and efficient solution for maintaining hand hygiene standards in high-use facilities.

Designed to dispense foam soap formulations efficiently, the dispenser helps reduce product consumption while delivering effective hand washing performance. Its robust construction and clean appearance make it suitable for a wide range of professional washrooms, including commercial, healthcare, education and hospitality environments. The enclosed cartridge system supports hygienic operation while simplifying maintenance and refill procedures.

The compact and professional design allows easy integration into modern washroom facilities, helping maintain a clean and organised presentation while supporting efficient daily operation.

Product Features
