Evans Hi-Phos Heavy Duty Cleaner Descaler RTU - 1L

Variant code: 05-129

Evans Hi-Phos RTU is a powerful **ready-to-use heavy duty cleaner descaler** developed by Evans Vanodine for use in washroom and sanitary environments. Designed for convenience and performance, this high active formulation removes limescale, body fat and heavy soiling in a single application while maintaining hygiene standards across a wide range of surfaces.

Suitable for use on materials including **porcelain, stainless steel, chrome, ceramic and quarry tiles**, Hi-Phos delivers fast and effective cleaning results. Its **thickened formulation** clings to vertical surfaces, allowing extended contact time for improved removal of stubborn stains. The product leaves a **clean, fresh medicated fragrance** after use and performs reliably in both **hard and soft water conditions**, making it suitable for a variety of professional cleaning environments.

Product Features

- **Ready-to-use heavy duty cleaner and descaler**
- Removes **limescale, body fat and heavy soiling**
- **Thickened formulation** for vertical surface adhesion
- Suitable for a wide range of **hard surfaces**
- Effective in **hard and soft water conditions**
- **Fresh medicated fragrance** after cleaning
- Supplied in convenient **1 litre bottles**

Product Benefits

- Delivers fast and effective cleaning without the need for dilution
- Improves efficiency in routine washroom cleaning tasks
- Enhances cleaning performance on vertical surfaces
- Supports hygiene standards in high-use environments
- Provides consistent results across different water conditions

- Maintains surface appearance by removing stubborn stains
- Leaves areas clean and freshly fragranced

Technical Characteristics

- **Ready-to-use formulation** – no dilution required
- Apply directly to surfaces and allow sufficient contact time
- Suitable for **porcelain, stainless steel, chrome and ceramic surfaces**
- Clings to vertical surfaces for improved cleaning effectiveness
- Effective in both **hard and soft water areas**
- Use in accordance with manufacturer instructions
- Store in a cool, dry environment away from direct sunlight

Applications

Evans Hi-Phos RTU is suitable for use in commercial washrooms, healthcare environments, leisure facilities and contract cleaning operations. It is ideal for cleaning toilets, urinals, sinks and washroom surfaces where limescale, body fat and heavy soiling are present. Its ready-to-use format makes it particularly useful for quick and efficient cleaning in high-traffic sanitary areas.

Property	Value
Dilution	Use Neat
