

Evans Rinse Aid for Automatic Machines – 10L

Variant code: 04-411

Concentrated blend of low foaming surfactants to promote the rapid drying of glassware, crockery and kitchen utensils. For use in single and multi tank automatic dish and glasswashing machines in kitchens, canteens, restaurants, hotels and bars. Concentrated formulation, economical in use. Eliminates water spotting and provides streak free results. Contains ingredients to prevent formation of scale during rinse cycle. Suitable in soft, medium and hard water conditions. Supplied in a natural see-through container to easily check the volume.
